Tim / Vickie – we are good to proceed on our end. Are you ok if we issue this at 1:30 this afternoon? We will give the Hill a copy of our news release at approx. 1:15.

We'll hold until we hear you're ready to go.

Matt can share a final copy of the news release text (same as last night, just on masthead and with a headline)

Thanks.

Tim – here are some edits and one comment from us. We're awaiting one final approval, but we're hoping/aiming for a 1 p.m. release today (chance we could slip to 130). Is that workable on your end?

We'll let you know as soon as we have a green light.

Thanks.
